

To Whom It May Concern:

It is with great pleasure that I submit a letter of recommendation for Kelly Service. Kelly was actively involved in the production of the documentary FAS: Stories of Hope and Healing since October 2001 until it's launch this month.

The documentary has been shown on several separate occasions and the feedback has been extremely positive. Since it's release this month, the documentary has already been purchased by a number of organizations throughout the Edmonton area. I feel this speaks of the quality of the finished product. I consider the documentary to be a very effective tool and have already incorporated it into a presentation I recently conducted in the community.

Throughout the duration of our involvement Kelly demonstrated a very high degree of professionalism. He was flexible and made much effort to accommodate our needs. Kelly was also very helpful and quick to answer any questions that arose.

Kelly played an integral role in the creation of the documentary. He effectively fulfilled the objectives set forth while maintaining a high degree of professionalism. I would highly recommend Kelly for any project for which he is being considered.

Sincerely,

Sonja Shute
FASD Community Worker
